Introduction to AR (Coursera) - Aug 2020

Bootstrap 4 (Udemy) - Feb 2020

Alivia Chaudhuri

INTERACTION DESIGNER

EXPERIENCE

Red Baton Design Studio UI/UX Intern

1 Feb 2021 - 31 May 2021

I did my final year graduation project at Red Baton on the topic "Experience Design in context of deciding Higher Education". My deliverables followed the UCD process of user research, persona, IA, navigation systems, wireframes, high fidelity prototypes, UIs and design testing.

Futuristic Labs UI/UX Intern

30 Oct 2020 - 31 Dec 2020

Based out of Telangana, this startup aims to automate everyday home cooking experience through 'Riku' cooking bot. I worked in ideating the flow, and features of Riku Mobile App; designing wireframes, user testing, creating design system and UIs. This product received Red Dot Design Concept award in 2021.

Bajaj Finserv HealthRx UX Intern

29 Apr 2020 - 31 July 2020

I worked as a UX Design Intern in an agile corporate environment for a B2B product for doctors to manage patients and conduct diagnosis efficiently. I also designed customer flows for the B2C mobile application as well as some novelty features like voice interaction, medical file for the company.

The Apprentice Project Volunteer

Aug 2018 - Apr 2019

I was a Visual Art Facilitator for non-profit organization called The Apprentice Project. I taught underprivileged children in Pune and also volunteered as Operations Head for the NGO.
